

*European Awarding Committee  
European Federation of Psychologists'  
Associations  
Brussels, Belgium*

Dear colleagues,

National Psychological Association (NPA) is the National Representative of Ukraine in the European Federation of Psychologists' Associations. NPA highly respects values and standards proclaimed and provided by EFPA. In order to move Ukraine closer to European standards in academic and practical psychology, as a member association of EFPA, we would like to start the process of EuroPsy implementation in Ukraine.

Should the NPA's intention to implement EuroPsy in Ukraine be represented by an official request/letter? What should such letter contain in that case?

For further communication, NPA designates Mariia Dubovyk ([mariia.dubovyk@gmail.com](mailto:mariia.dubovyk@gmail.com)) as the "EuroPsy contact person".

We will be appreciate your instructions!

Sincerely,

**Prof. Leonid Burlachuk**

President of the National Psychological Association of Ukraine

**"APPROVED"**

by the Board of NPA
